Dear Mr. Arnold, Ach 8/11/38

Enclosed is the
letter from Bob. Parts of it
will interest you.

I am hoping to
go back in November - or
about that time. We will
go to Hanking if possible,
otherwise live in Shanghai.
Bob wants us with him
next year.

We are planning
on taking a combination
freight - passenger boat.

Elizabeth is quite a young lady, over a year old! Some day I will be able to bring her down with me. Right now I am working, therefore I cannot get down to talk things over with you.

I'm terribly excited about the whole thing. I wonder if the Japanese will let us go up river to Nanking.

Sincerely,

Marjorie Wilson.

P.S. No answer to cable yet. I may come through your office.

Possibly the same line that Bob went out on. Do you think I can get any help on my passage?

Thank you so very much for your advice about the "Digest" article. I finally had a brain-storm (I get one occasionally) and sent a cable through Mr. Ray Mackay in Washington. He wrote saying they had fine reports of Bob's work in the State Dept. He is quite a wonderful person, don't you think so?
